## *Dedication*

This book is for you—for every girl—for every faculty and staff member—for every trustee—for all of you who have played a vital role in this school year.

You honor Monticello's traditions and purpose. Through you, academic and cultural goals are achieved. Your vibrant enthusiasm and unfaltering loyalty is Monticello—past, present and future. In you, the achievements of yesterday join with the spirit of today in a promise for a rich tomorrow.

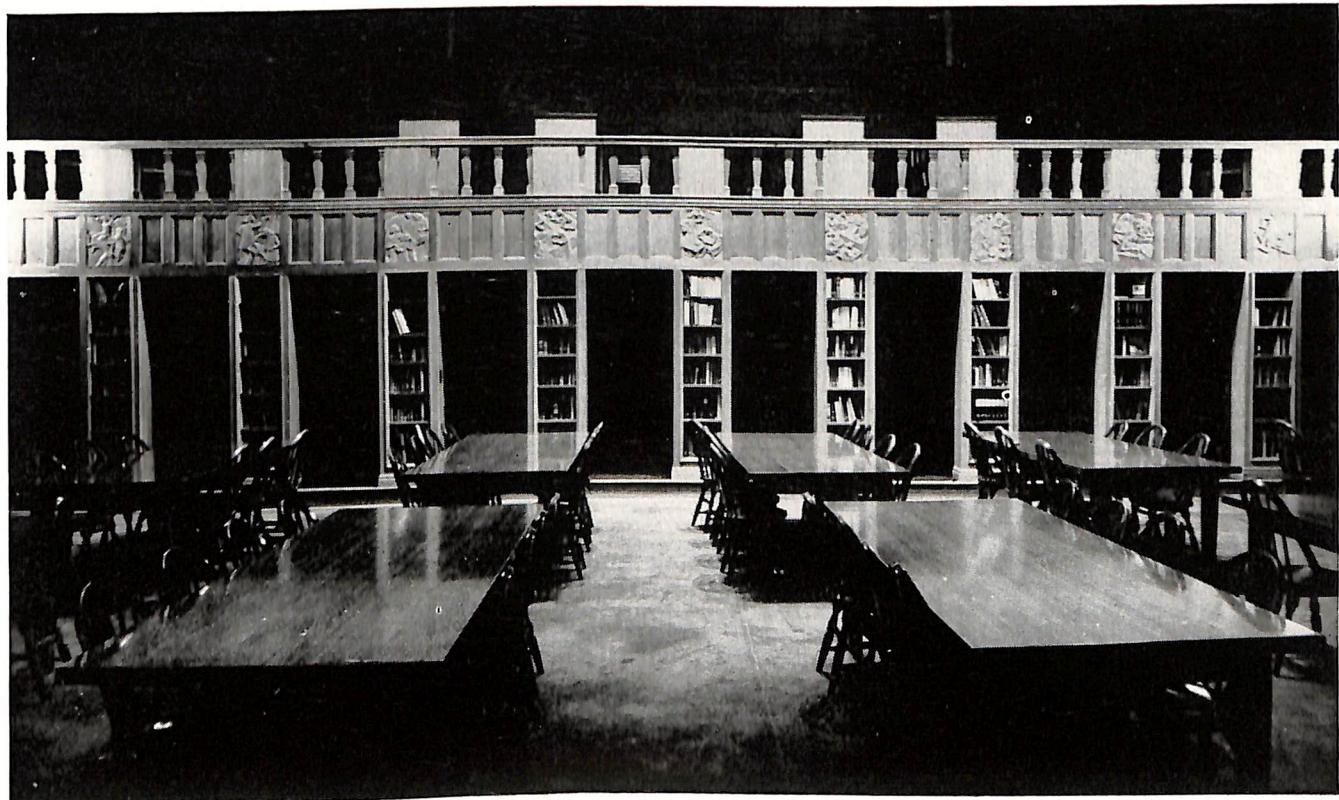

To each of you and to all for which you stand, the 1946 Echo is dedicated.

Administration

# *The President*

## *Dr. Young*

June of 1946 marks the close of John Ripley Young's first year as the President of Monticello College. Before taking over this position, he acted as Academic Dean. President Young attended Marshall College where he received his B.A. Degree. He then received his M.A. and Ph.D. degrees from the University of Illinois.

Dr. Young has said that it is the function of Monticello College to teach students to understand and appreciate the nature of the world and of their fellow men, everywhere, to the end that they may live life in the fullest sense and may become intelligent and discriminating citizens.

# *The Trustees*

Mr. Sweet, Mr. Kuehne, Mrs. Olin, Mr. Doane, Mrs. Chapman, Mr. Rodgers, Mrs. Parsons

The governing body of Monticello College is its active Board of Trustees. Once every two months, the trustees meet on the campus to discuss the business of the college and to formulate its policies.

Eben Rodgers of Alton, president of the Alton Brick Company, serves as president of the Board with Mrs. Spencer T. Olin (Ann Whitney, '25), as secretary. Fred Kuehne of Mattoon, Illinois, president of the Kuehne Manufacturing Company, and Mrs. T. S. Chapman of Jerseyville, widow of the late T. S. Chapman, who served as a Monticello trustee for forty years, are active members. D. committee of the Board. Mrs. William Wood Parsons of Terre Haute (Martina Erickson), who was administrative head of the college from 1910 to 1918, is a tireless worker for the betterment of the College.

Newly elected members of the Board of Trustees include Marshall W. Acker of Alton and Mrs. George Sparks Milnor (Alice Ryrie, '11) of Wilmette, Illinois.

Charles A. Caldwell of Alton, Illinois, member emeritus, served as president of the Board for thirty-one years prior to his retirement in 1943.

# The Administration

AUDLEY NOEL SULLIVAN  
B.S., University of Nebraska  
*Assistant to the President  
Director of Admissions*

The official title of Mr. Sullivan is Assistant to the President and Director of Admissions.

In the second position he and his staff are interested in contacting prospective students either by mail or personally through inquiries of friends, alumnae, or students. In the Chicago area Mrs. Margaret Weigel is Admissions Counsellor; Mrs. Lucie B. Mott in Oklahoma, Texas, Missouri and Kansas, and Elizabeth Beekly in Iowa and Nebraska.

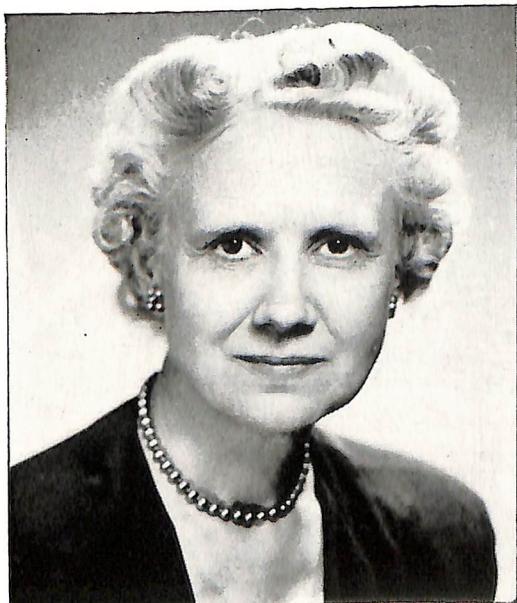

As Assistant to the President, Mr. Sullivan is in charge of all public relations which includes the Dads' Club, meeting parents, showing prospective students the college and securing railroad and plane reservations for the students.

MARY LAING SWIFT  
A.B., Vassar College M.A., Columbia University  
*Academic Dean*

If you have ever tried to see Miss Swift without first making an appointment, you know that she is an extremely busy individual. In her position as Academic Dean, she continually finds herself occupied with questions and problems concerning academic work, selection of schools for senior students and many other things too numerous to mention.

Besides her concern with the work connected with her office, she also acts in the capacity of faculty adviser for the Student Association of Monticello College.

ALICE MAY MORRILL  
Ph.B., Denison University;  
M.A., Northwestern University  
*Dean of Women*

Mrs. Alice May Morrill, Dean of Women, is the general supervisor of all residences. In her capacity she works with the student house chairmen and with the members of her residence staff.

The office of the Dean of Women is always open, and Mrs. Morrill is ever ready to discuss all matters concerning social privileges and adjustment of individual girls to the new experience of living in a large group. Mrs. Morrill is interested not only in helping each girl to become adjusted to college life but also in helping each individual to take her place as a constructive, contributing citizen on the Monticello campus.

WENDEL H. BAKER  
A.B., University of Missouri  
*Business Manager*

Wendel H. Baker is the Business Manager and Treasurer to the Board of Trustees of the College. He is in charge of the maintenance of all buildings on the campus and of the college grounds.

With the assistance of Miss Eleanor Boerner and Mrs. Lucille Rathgeb, Mr. Baker also handles all financial and business matters of the College.

ERMINA E. BUSCH  
A.B. University of Illinois  
*Registrar*

Behind the scenes, Miss Busch, the registrar, provides the students with the scholastic records they are most interested in, for after exams she delivers the grades. As if this all-important function were not enough, Miss Busch also receives and files all high school transcripts of incoming students and sends out college transcripts of those transferring to senior colleges. Also involved in the work of registrar are the accrediting of courses and statistical work such as ranking students scholastically.

At registration in the fall and winter, Miss Busch is kept busy ascertaining the number of students in classes and directing the registration with Dean Mary Laing Swift.

MRS. FLORENCE DUREE  
B.A., University of Nebraska  
*Director of Publications and Social Director*

Mrs. Florence Duree is one person at Monticello who is always in demand as she is director of publications and social director. At almost any time cries can be heard from the smokehouse, "Where can I find Mrs. Duree?"

As director of publications, Mrs. Duree assists the editors of the *Monticello Times* and *The Echo*. It is her capacity as social director, though, that keeps her always occupied. There are busses to be chartered for Western dances, concerts in St. Louis, and incidental affairs; recruiting men from Scott Field and Parks Air College for the dances; providing for receptions to be held for honored guests of the college. She is faculty adviser to the social committee headed by Alice Hochuli.

## *Sponsors*

One of the most important organizations on the Monticello campus is the Sponsors. Members of this group are elected in the spring each year and begin their duties in the summer. Through numerous letters the Sponsor becomes acquainted with two or three girls who are coming to Monticello for the first time.

In the fall this organization is on hand to greet the Sponsees on their arrival. Under the direction of the Sponsors the first few weeks are filled with teas, campus tours, bridge parties and the always popular pre-bedtime spread. Throughout the first few weeks the bright yellow badge and the pin "Ask Me, I Live Here," a constant part of daily apparel, are evidence of the willingness of the Sponsor to fulfill her duty—that of introducing all new students to Monticello's fun and friendliness.

## *Student Council*

Under the able leadership of Margaret Cox as president, Sue Hull, vice president, Joan Reade, secretary, and Gloria Queen, treasurer, the student council has again completed a successful and efficient year. This earnest and hardworking governing group, elected by the votes of the student body, has been concerned throughout the year with the privileges and responsibilities of every girl at Monticello.

Working in cooperation with the faculty and administration, the Council meets each Monday afternoon to discuss and solve the problems and questions which arise each week in relation to the affairs of Monticello girls. They attempt throughout the year to regulate activities and encourage group participation and interest among the girls.

Highly respected by the entire student body, the members of the Council are those who have displayed their qualities of leadership, judgment, and initiative. Presidents and chairmen of school organizations are represented in addition to the chairman of each residence.

*President*  
MARGARET COX

## *Preparatory Student Council*

The Student Council of the Preparatory School is the representative body which deals with problems pertaining to both the Preparatory classes. The Council has set for itself and for each of these classes certain goals and ideals. Among these are good citizenship, leadership, cooperation, and more active participation in school and social events.

The following girls were elected to head the Council during the year 1945-1946: President, Caroline Brown; Vice President, Elizabeth Wham; Secretary, Polly Green; Social Chairman, Dorothy Sellers.

Of the various accomplishments of the Council, one of the first was the revision of the constitution to meet new needs. Another of the Council's main projects was obtaining the Prep dining room, where numerous entertainments were held throughout the year. Under the direction of the Social Chairman, many dances were arranged with the Western Military Academy. A song contest was sponsored by the Council, in which a prize was given for the best Prep song submitted. The Council was also in charge of one of the Monticello chapel services. A gavel was obtained and presented to the President in the Council's Recognition Service.

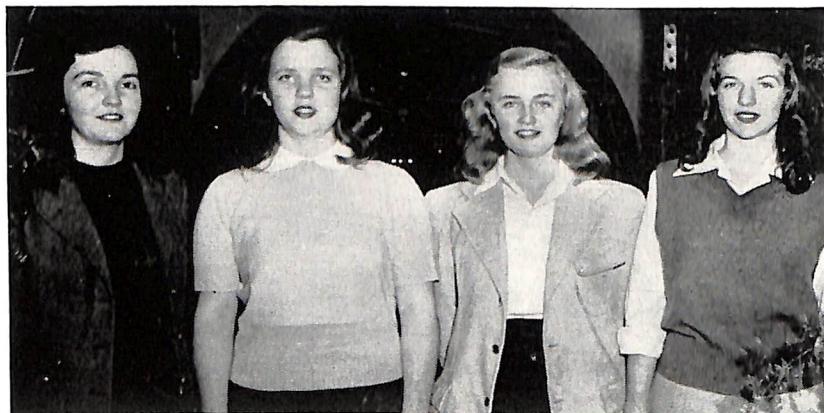

The Student Council by its successful year has proved its value on the Monticello campus.

## *Monticello Christian Association*

In the spring of 1945 a new student organization, the Monticello Christian Association, was formed. Though the faculty and administration were interested in its formation, they did not initiate the plan. The M.C.A. exists because the students want such an organization and realize that religion is part of all life. M.C.A. was created to be the medium through which this religion is emphasized on Monticello's campus.

The M.C.A. functions through the leadership of its cabinet, which is comprised of its officers, Sally Brown, president; Elizabeth Wenger, vice-president; Betsy Orr, secretary; Carol Otis, treasurer; in addition to the various committee heads, and Dr. Lyman Cady, who serves as faculty adviser to the organization. M.C.A. working alone and in conjunction with the Chapel-Vespers Committee and the Service Council, which are also represented at M.C.A. cabinet meetings, has initiated and accomplished several major projects throughout this past year.

The annual Doll Dinner held in December was promoted and sponsored by the M.C.A. this year, and proved to be as successful an undertaking as in previous years.

The greatest accomplishment of the social service committee this past year was the volunteer hospital work in which more than seventy girls participated. Each of these girls worked two hours a week in the Alton Memorial Hospital relieving and assisting the regular nurses of the hospital.

Throughout the year, religious discussion groups were held on alternating Wednesday evenings in which every Monticello girl was encouraged to take part. Led by Dr. Cady and often by authorities in the fields of social problems, race prejudice, and religious questions, these discussions stimulated within the girls an interest in many of the stressed issues. Religious Emphasis Week was sponsored by M.C.A. during the week of February 12th, and featured as religious leader on campus, Dr. Gerald Kennedy, of Lincoln, Nebraska, who discussed with the students questions pertaining to religious and spiritual life.

Working with the Service Council, the Monticello Christian Association promoted the World Student Service Fund drive which was new to the campus this year. This fund, the goal of which was set at \$1,000 at Monticello, was concerned with the raising of funds for the rehabilitation of schools and students in war-torn nations.

During Holy Week, Chapel programs were planned and executed by M.C.A. This was another new program introduced by this organization.

Although the Monticello Christian Association is a new organization this year, it has grown and will continue to function as a unified and stimulating group as long as the interest of the student body remains alive.

*President*  
SALLY BROWN

Brewer, Halsell, Sears, Acker.

## *International Relations Club*

The International Relations Club plays an important and vital part in the activities of the girls here at Monticello. Its main objective is to keep the girls informed and interested in what is happening in the world today.

Semi-monthly meetings are held in which problems of current day interest are explained and discussed. One such discussion was held in November when Dr. Hotchkiss talked to the club about Latin America. Outside speakers are also invited to address the club. The girls later have an opportunity to ask questions and to debate with the speaker and other girls the topic discussed.

I.R.C. also sponsors a bookcase in the library in which up-to-date material is kept. Such topics as "The Future of the Atomic Bomb" and "What to Do With the Axis Nations" may be found there.

The officers of the club are Nancy Acker, president, Mary Jo Halsell, secretary, Sally Sears, vice-president, and Nancy Brewer, treasurer. The two latter officers were elected in one of the first meetings of the year.

*President*  
NANCY ACKER

Bloesch, Solliday, Randolph, Wenger.

## *Vespers Committee*

Representing the Vespers Committee on the student council and chairman of the group is Elizabeth Wenger. She is also in charge of the seating arrangement for the chapel and vespers services. Helping her with the attendance system used at Vespers are Joyce Randolph, Anne Solliday and Gretel Bloesch.

The door committee consists of various juniors appointed by the chairman. It is their duty to distribute programs and hymnals at Sunday vespers and take up the collection, which is turned over to the Welfare Committee, headed by Miss Barbara Seybold. The money is used for charitable purposes in Alton and vicinity.

Chapel is held every Monday, Wednesday and Friday mornings. The services are conducted by faculty members. Sunday vespers are presented by different speakers from St. Louis and the surrounding cities. Girls have an opportunity to participate in informal discussions with the guest speaker.

## *Monticello Players*

For those students who have a special liking for the smell of grease paint and for the thrill of an opening night, the Drama Club holds a great interest.

Members for this club are selected from the drama classes and are required to work on a major production before they are initiated into the club. Each year, members sponsor tickets to the children's play given at Christmas time by the drama department. Throughout the year the club sells tickets to all major productions.

From the profits received from its annual project, the Drama Club helps offer a scholarship to an outstanding student in dramatics, recommended by Mrs. Sullivan, head of the dramatics department and adviser to the club.

## *Science Club*

How would you like to be able to make your own lipstick and mirrors? This is only one of the many projects of the Science Club this year.

The club was organized for all girls enrolled in a science course or who are interested in any one of the many fields of science. Each member is required to work off her membership by giving an experiment in the field in which she is most interested. Initiation into the club is held in the spring just before the end of the year.

The Science Club's main project during the year is a Science open house. At this time the members exhibit results of their laboratory work. Besides working on projects at the bi-monthly meetings, the club had various movies on scientific subjects. The last meeting of the year consisted of a picnic back campus, at which next year's officers were elected.

*President*  
ANNE WALLERIUS

Hochuli, Acker, Haar, Mohr, Goff, Jacobs, Easton, Bloesch, Queen, Rhoads.

## *Social Committee*

Sponsoring the social activities on Monticello College campus, the Social Committee, ably headed by Alice Hochuli, chairman, has contributed a great deal to general morale of the college.

They have been in charge of the all college dances. In early October, the football prom took the limelight followed by the Christmas dance, the Winter Formal, the Park Prom, the George Washington Birthday Ball and the Commencement Prom.

In addition to the dances, the committee has been in charge of arrangements for all teas and receptions given through the school year as college functions.

The Social Committee has had charge of ushering at College Events and has supervised the movies shown in the College chapel.

They have also organized groups to attend the theatre or musical events in St. Louis.

*Chairman*

## *Service Council*

The Service Council, replacing the War Effort Council, under the leadership of Gretchen Swoboda, Winifred Cook and Suzanne Fowler, was in charge of many drives and activities during the year.

Heading the Community Chest drive, this council efficiently organized the campaign on the Monticello campus. Later the Red Cross membership campaign and the collection of gifts for Navy men occupied the attention of the group, as well as the Government Bond Drive.

This spring, the council handled intelligently and efficiently the UNRRA drive for food.

Throughout the school year, the response from students to these various activities has been very gratifying. Their enthusiasm and generosity have been commendable. In almost every campaign the goal was reached or exceeded.

## *Times*

To a college freshman there is a aura of fascination about a newspaper. Little does she realize that, far from being the hangout of curly-haired poets and glamorous models, Fobes 7 is the home of a group of toilers who get results by hard work. Many grimy, work-calloused paws grind out the editions of the *Times*.

Camilla Klein and efficient hard-working staff manage to overcome unceasing deadlines to produce a paper every other Saturday—a paper which consistently receives Associated Collegiate Press high honors well merited by a staff that is happy being slave to a (make-up) dummy.

## *Echo*

The *Echo* is the year book published each spring by students. Work on this publication affords the aspiring journalist valuable experience.

Though the book comes out in the spring, actual work begins in October. The arrival of Moffet's studio to photograph the student body announces that work on the *Echo* is well under way. Many hours are spent in the Publications office laboring over dummies and lay outs. Scissors and paste become the constant companions of the *Echo* staff. As the work progresses and the annual is glued roughly into shape, photographer's bulbs flash and unsuspecting students find themselves subjects for the candid camera artists. Wastebaskets become filled with rejected copy and typewriters click as the copy writers compete with a deadline to have material ready for publication.

By spring all is completed. The finished product—the long anticipated *Echo*—is presented to the student body for their enjoyment and approval.

## *Choir*

Enthusiasm and exuberance seem to be the most predominant characteristics of this year's choir. With such a great number of delightful songsters, the Sunday vespers, the Christmas candlelight program, the Alton "Messiah," the Spring concert and other memorable traditional services were very successful.

The guidance of Mr. Stephen B. Williams, whose assistance and good humor has been both valuable and fun, has made the choir an outstanding organization. Credit is due Mr. Robert Oldham, piano and organ accompanist.

Work is only one phase of the choir's activities. Its annual Christmas party was given in Haskell residence, at which time refreshments were served and carols were sung.

Choir officers are: Pat Shaffer, president; Barbara Radcliffe, vice-president; Mary Patterson, secretary-treasurer; Betty Jean Stark, librarian; Sue White, robe keeper.

*Sports*

Shaffer, Holman, Cox, Kurz, MacGonagle, Wenger, Patterson, Hochuli, Easton.

## M. A. A.

Interest in sports, either as a participant or a spectator, is the only requirement for belonging to the Monticello Athletic Association. Heading this organization are elected officers and the managers of the various sports. The M.A.A. board provides and supervises an active sports program for the year. This program includes play days with other schools, a voluntary sports program for after-school enjoyment, and sports banquets.

This year Monti competed with Lindenwood, Principia, and Washington University in a play day here at Monti. During that afternoon basketball, badminton, ping pong, and swimming matches were carried on.

Last fall the hockey team played MacMurray, Maryville, and Principia. In the winter basketball became the big team sport and Monti competed with Harris Teacher's College, Shurtleff College, and MacMurray.

A wide choice of sports was offered this year both for classes and the voluntary program. The program included riding, hockey, basketball, swimming, badminton, archery, tennis, fencing, modern dance, softball, and golf.

At the end of each sports season a banquet was sponsored by the association to honor those girls who were particularly outstanding and participated regularly in the sports of the season.

## *Monticello Riding Club*

Although this is only the second year that the Monticello Riding Club has been in existence, it has grown to be one of the largest and most active of any club on the campus. Every girl who takes riding as her seasonal sport is eligible to become a member of this organization. All members are expected to have an interest in riding and play their part in making the club and its social functions a complete success.

Officers are elected each fall and these girls plan the meetings and social events for the members to enjoy during the year. Each girl who belongs to the Monticello Riding Club is given an opportunity to learn details about horses and horsemanship.

## *Hobby Horse*

Although it is Monticello's smallest sports club, Hobby Horse holds a place among Monticello's sports fans.

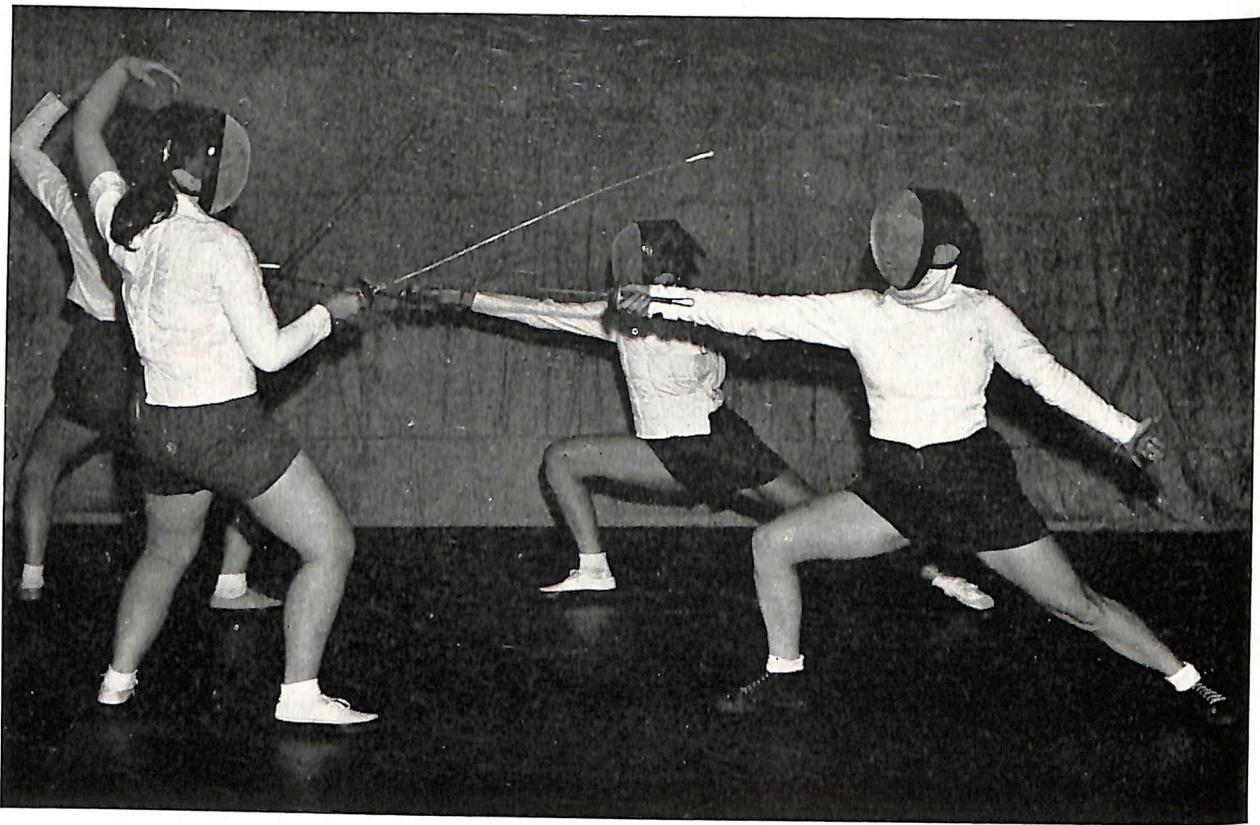

Each year, Hobby Horse invites girls to try out for membership. Nine girls were asked to dinner by Hobby Horse to be welcomed into the club as new members. With the return of Bitsy McCuistion second semester, the membership reached seventeen.

Hobby Horse activities during the year are picnics, moonlight rides, and early Sunday morning breakfasts.

The officers and members of Hobby Horse are: Lenore Taylor, president; Yvonne Yoars, vice-president; Sally Holman, secretary; Winifred Cook, treasurer; Lola Thompson, drill-team captain; Rosemary Osborne, Gloria Schuwerk, Nelle McCuistion, Sally Lenz, Elizabeth Olsen, Anne Stodder, Marjory Gutfreund, Nancy Schumacker, Elsie Clapp, Barbara Fry, Mary Dobson, and Lynn Feil.

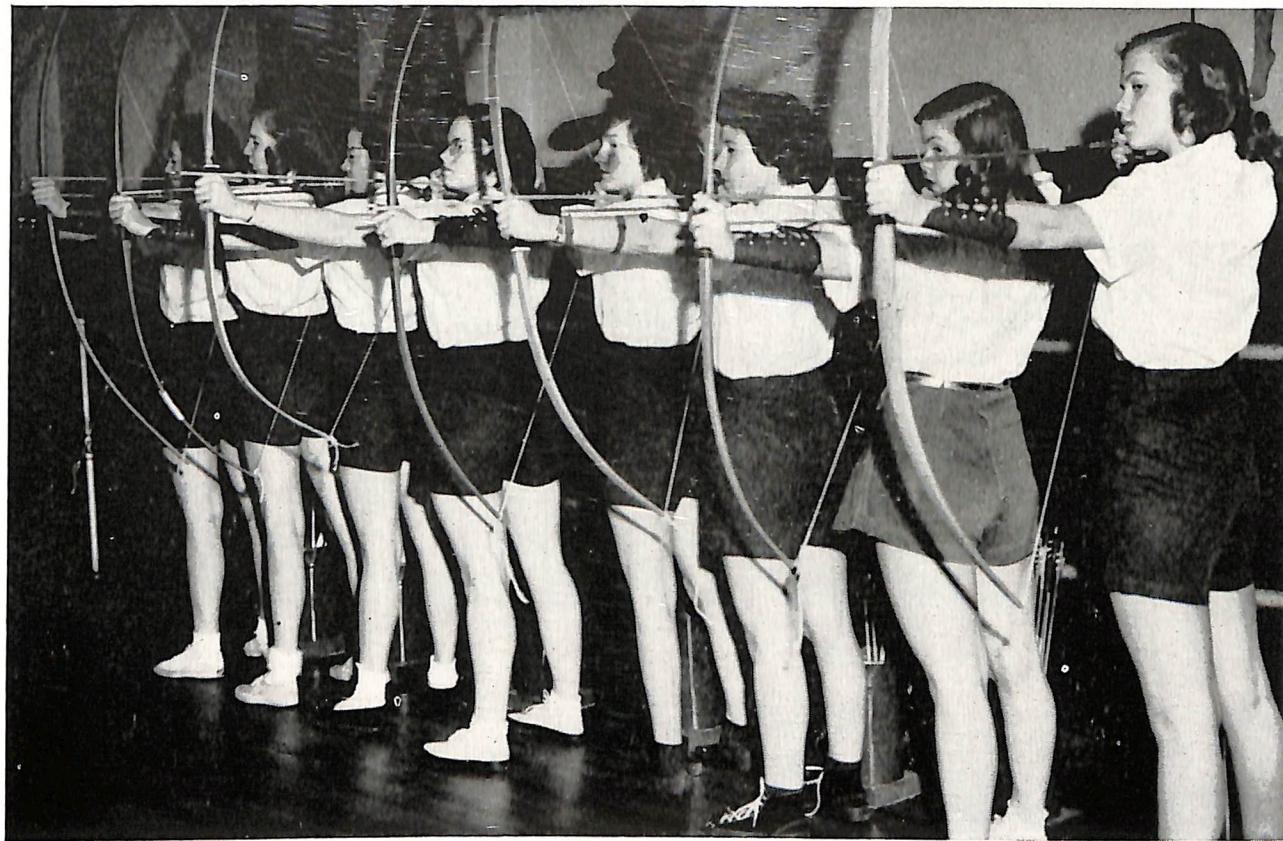

Stodder, Cook, Gutfreund, Holman.

## *Fencing*

The revival of the ancient sport of fencing was crowned with success when the Monticello team took all honors at the St. Louis Y.W.C.A. amateur tournament May 11. First place was won by Pat Shaffer, who took nine bouts while losing one. Sally Brown and Mary Patterson won second and third. Awards were medals of gold, silver, and bronze.

As a class activity fencing attracted 50 girls, some of whom returned for additional voluntary training Friday afternoons. A demonstration of bout techniques was presented by professional fencers in February.

## *Archery*

A "bullseye" is the aim of every girl at Monticello who takes archery. On days when the sun is shining in the fall and spring, girls are seen shooting for this goal on the archery range on front campus. Regular classes are held for archery, while voluntary archery is held after school for those who are especially interested.

Something new was added this year. An indoor archery range was constructed in the dance studio. This made it possible for the girls to continue to develop their precision and skill during the winter months when it was impossible to shoot outdoors.

In the spring interclass tournaments were shot, and the Monti archers also participated in the playdays against Maryville, Lindenwood, and Principia.

## *Marlin Club*

The Marlin Club was established for Monticello students who are interested in swimming and, more particularly, in form swimming.

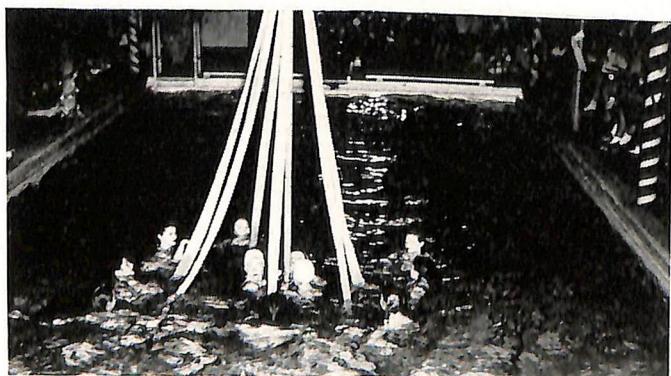

The purpose of the Marlin Club is to present the annual spring swimming pageant. This presentation involves a great deal of hard work and many hours of careful practicing. Consequently, the club's activities for the entire year are devoted to the pageant.

This year the seven former members of the club were joined by twenty-two new members selected by try-outs last fall.

A calendar of holidays was used for the theme of this year's pageant. Each number in the pageant depicted one of the twelve months of the year and was built around either a holiday that occurs in that month, or some other celebration that is closely associated with it.

The flashing formations, rhythmical swimming, lighting effects, costumes, and decorations made the entire pageant a very beautiful and colorful spectacle, and one of the events of the year most eagerly awaited.

Officers elected for this year were Dean Stedman, president, and Barbara Radcliffe, secretary-treasurer.

Shaw, Qualman, Marvin, Fry, Alexander, Meffley, Tyner, Spiro.  
Johnson, Apt, Klein, Cox, MacGonagle, Parkhurst, Easton, Brown, Shaffer, Carp.

## *Hockey*

Hockey is a popular sport during the fall months here at Monti. At the Fall Sports Banquet, forty-five girls were honored because of their active interest and participation in voluntary hockey. There were many more who enjoyed playing in their regular class periods.

There was keen competition between the classes. At the end of all the contests, Elaine Carp's Senior team had defeated Junior captain Barbara Fry's team. In the prep games, co-captains Polly Green and Marcia Draudt's Senior team were victors over Elizabeth Wham's Junior team.

The college varsity had several games with other colleges. They traveled to MacMurray, and the exciting contest resulted in a tie. Principia and Maryville played here. Other games were scheduled, but because of the weather had to be called off. However, those that were played were enjoyed wholeheartedly by participants and spectators alike.

## *Basketball*

Ranking high among the favorite pastimes at Monticello is the typically American game of basketball. Over seventy girls turned out for this voluntary sport and from these the college varsity was chosen.

The basketball season opened with a double header between classes. The Seniors, captained by Sally Kurz, hit the basket from all angles to defeat a hard-fighting Junior team, led by Barbara Ernst. The Junior-Senior prep game resulted in a victory for the Seniors. Captain for the Juniors was Libby Wham and for the Seniors was Mary Dobson.

In addition to the class series a playday was held at Monticello with Lindenwood, Washington University and Principia as guests. Monticello's hard fighting varsity also played games with Maryville, Shurtleff College, William Woods and Harris Teacher's College. The preps had their own varsity which played different prep schools in St. Louis.

During the season the seniors clashed with the faculty in a game that provided plenty of thrills. As part of the Washington Birthday celebration, the seniors played the Monticello alumnae.

Members of the teams included: Pat Shaffer, Libby Wham, Barbara Ernst, Katie Tyner, Jean Landon, Alice Haag, Camilla Klein, Alice Hochuli, Betty Abney, Gretchen Hutzel, Sally Kurz, Betty Alexander, and Kari Zimmerman.

## *Tennis Club*

The Tennis Club at Monti is for girls who are particularly interested in this very popular sport. Members are judged on their skill in service and in play.

Once a week the club members met on the courts for practice. This year at these practices the girls formed a "ladder." As they played each other, the winners moved toward the top of the ladder. In bad weather the girls met indoors to plan competitive inter-school matches. This spring the team played Lindenwood, Principia and Maryville.

the season the members of the Dance Club and movement and pantomime classes gave their annual spring concert.

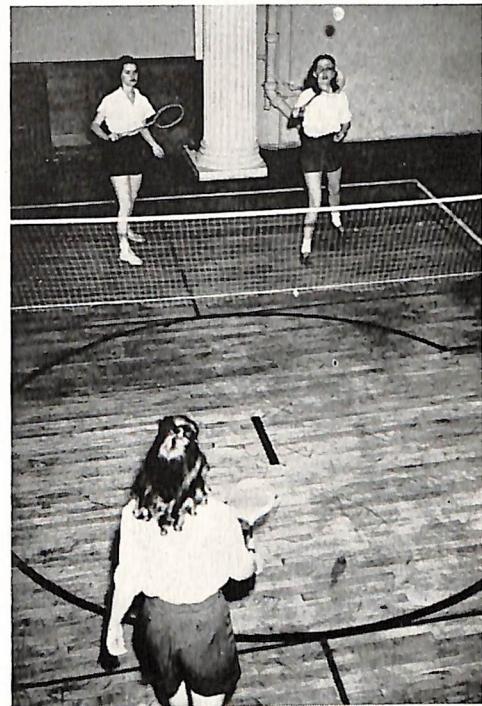

## *Dance Club*

One of the most creative clubs at Monticello, organized to give students deeper interest in contemporary dancing, is the Dance Club. Membership in this organization is open not only to persons talented in the field of dancing, but to anyone who is actively interested.

Under its two presidents, Jane Chatten and Phyllis Loveland, the club has now a membership of twenty-seven. Its chief aim is to help the girls acquire rhythm, coordination, knowledge in technique of modern dancing and an interest in contemporary dancers and their work. It also works hand in hand with the drama department because movement, rhythm, and coordination are so important in acting.

This year the activities of the Dance Club have centered around demonstrations and concerts. In March the girls gave a dance demonstration of folk idioms. During spring vacation the girls were invited to dance along with other colleges at the National Convention of Health and Physical Education. Climaxing

## *Badminton*

If you happened to wander down first floor Baldwin hall some afternoon or evening during the winter, you probably would have heard sounds of excitement and the swish of rackets coming from the Entertainment Hall. It was just Monticello's badminton enthusiasts, practicing up on their strokes and form.

Over sixty girls were enrolled in the badminton classes, and engaged in a series of three tournaments, which produced plenty of thrills and hard work. The first one was to determine the girls to represent Monticello in the play-day. In this tournament, Patty Shaffer copped the singles title, defeating Elizabeth Rowan (11-8) (11-9). The doubles event was won by Elsie Lee and Betty Stark, who triumphed over Barbara Balz and Elizabeth Rowan in the finals. The winners in the tournament played girls from over Lindenwood, Principia and Washington in the play-day.

The class tournament was held early in March. The winners in each class played each other to decide the championship. The final badminton tournament was played off the last week in March.

Margaret Cox acted as badminton manager this winter. All in all, a great deal of enthusiasm was shown in voluntary badminton and the courts were filled evenings, afternoons, and week-ends.

TRADE MARKS

Products bearing either of these two famous names have served America for many years. They have demonstrated time and again their high quality of workmanship, design, and material.

Today the huge facilities of WESTERN and WINCHESTER are again producing these products in unlimited quantities to supply the nation-wide consumer acceptance they have earned because of their dependability and unusual performance.
